

Access Corporate Service Pty Ltd (ACN 142 688 284) (**ACORP**) warrants its Sabre® products (**the Product**) against defects in workmanship and materials, subject to the limitations and exclusions of this warranty.

Different warranty periods apply to different Sabre® products. To find the warranty period that is applicable to your Product please visit our website at www.sabre.com.au. The warranty period commences from the date of proof of purchase.

Some Sabre® Products come with a Mechanical Warranty that applies to all of its products to be free from defects in material and workmanship including mechanical parts or a Finish Warranty applies to external surfaces of products to be free from defects in material and workmanship, tarnishing and discolouration. Stainless Steel material however may not be free from tarnishing or discoloration. Tea staining does form part of a natural process and without proper maintenance staining will always occur. The Finish Warranty does not cover tea staining of any stainless steel product. Please refer to our website above to see whether your Product is covered by a Mechanical Warranty, a Finish Warranty or both and the terms of the warranties.

If within the relevant warranty period the product is found to be defective (within the meaning of the relevant Mechanical or Finish Warranty) and none of the exclusions as set out in this warranty apply, ACORP will replace (but will not install or repair) the same or equivalent product free of charge.

If the Product does not appear at www.sabre.com.au then no warranty other than any applicable Statutory Guarantees applies.
