### DESCRIPTION

These brush seals are designed to be used around the head & jambs, door bottom and meeting stiles of single or double swing doors, revolving, tilt-up and roller doors. These seals help protect against draught and dust, insects and weather penetration. The slim-line carriers are aesthetically angled to avoid dust build-up. The black nylon brush filaments, which are locked into a galvanized steel strip, are available fitted to an aluminium carrier, or as brush only.
