Architectural Hardware & Security Solutions

CORPORATE PROFILE

A hand is holding a large architectural blueprint in the foreground. The blueprint shows a detailed floor plan with various rooms, corridors, and structural elements. In the background, a building is under construction, showing a grid of wooden frames and large windows. The text is overlaid on a dark, semi-transparent rectangular area.

Working together to make
architectural hardware and
security solutions easy for
our customers.

OUR MISSION

Access Hardware started in 1975 in Melbourne, specializing in architectural hardware and locksmithing and that is still the case today. Whether the project is commercial, residential, government or industrial, we can help with your door hardware and washroom equipment requirements. Our staff are industry trained professionals who have developed strong relationships with the manufacturers of some of the world's most recognizable brands. All branches hold inventory that is available from our trade counters and our in-house locksmiths can offer all aftersales services including onsite installation, maintenance and repair services.

Project Sales

Access Hardware understands the focus, time, processes, technology, hard work, communication and planning that goes into projects to ensure they are delivered on time and on budget. As a project specialist supplier, Access Hardware has worked on many large and small scale projects nation-wide.

By working with Access Hardware on your projects we provide specification and scheduling to ensure the right product for the right job. Variation management which

gives you the ability to track and monitor all changes made during the construction phase to keep costs under control. In addition to supplying your hardware we can also provide our qualified locksmiths to install it for you. Lastly we also offer doorset packaging at no cost to ensure that all hardware components for a single door are labelled and packaged together.

Trade Sales

Access Hardware has trade counters, showrooms and warehouses in most major Australian capital cities. Select your nearest branch for all your architectural door hardware, locksmithing, repairs and maintenance issues. Our national distribution network ensures a quick and reliable delivery service to regional and remote areas.

Security Solutions

Access Hardware covers all elements of security solutions including access control, locksmithing, CCTV, safes, alarms and intercoms, digital door locks, high security locks and key control. Dynamic systems that offer the benefits of total control over access to your industrial site, commercial site or residential building.

Partnering with some of the best brands to provide individuals the opportunity to find the best security solution they require for the job.

Online Store

The Access Hardware online store is available 24 hours, 7 days a week allowing customers the convenience of checking stock levels and purchasing items when it suits them best. With a wide range of industry leading brands and products available, backed by our quality service and technical advice, we make it easy to shop with Access Hardware.

We provide shipping Australia-wide or a convenient click and collect service from your local branch.

The online store is available to both retail and trade customers with trade customers having access to trade pricing when an online account is created and approved. Once you apply and your account is approved you can login to view trade pricing while trade customers with a credit account can place orders and simply charge it back to their account.

If you need assistance registering for a trade account, please contact our friendly team on 1800 555 600.

OUR GROUP OF COMPANIES

Access Hardware prides itself on being a business that can offer solutions for a wide customer base.

Jacksons Security is the oldest and most recognised supplier for security products and services in Tasmania. Originally established in 1883, it is one of the oldest brands in Australia. Jacksons Security was originally the distribution division of Jacksons Lock Manufacturing until it was

purchased by the Access Hardware Group of Companies. With locations in Hobart, Launceston and Burnie, Jacksons Security provides customers with a complete security products and services range throughout Tasmania.

SABRE

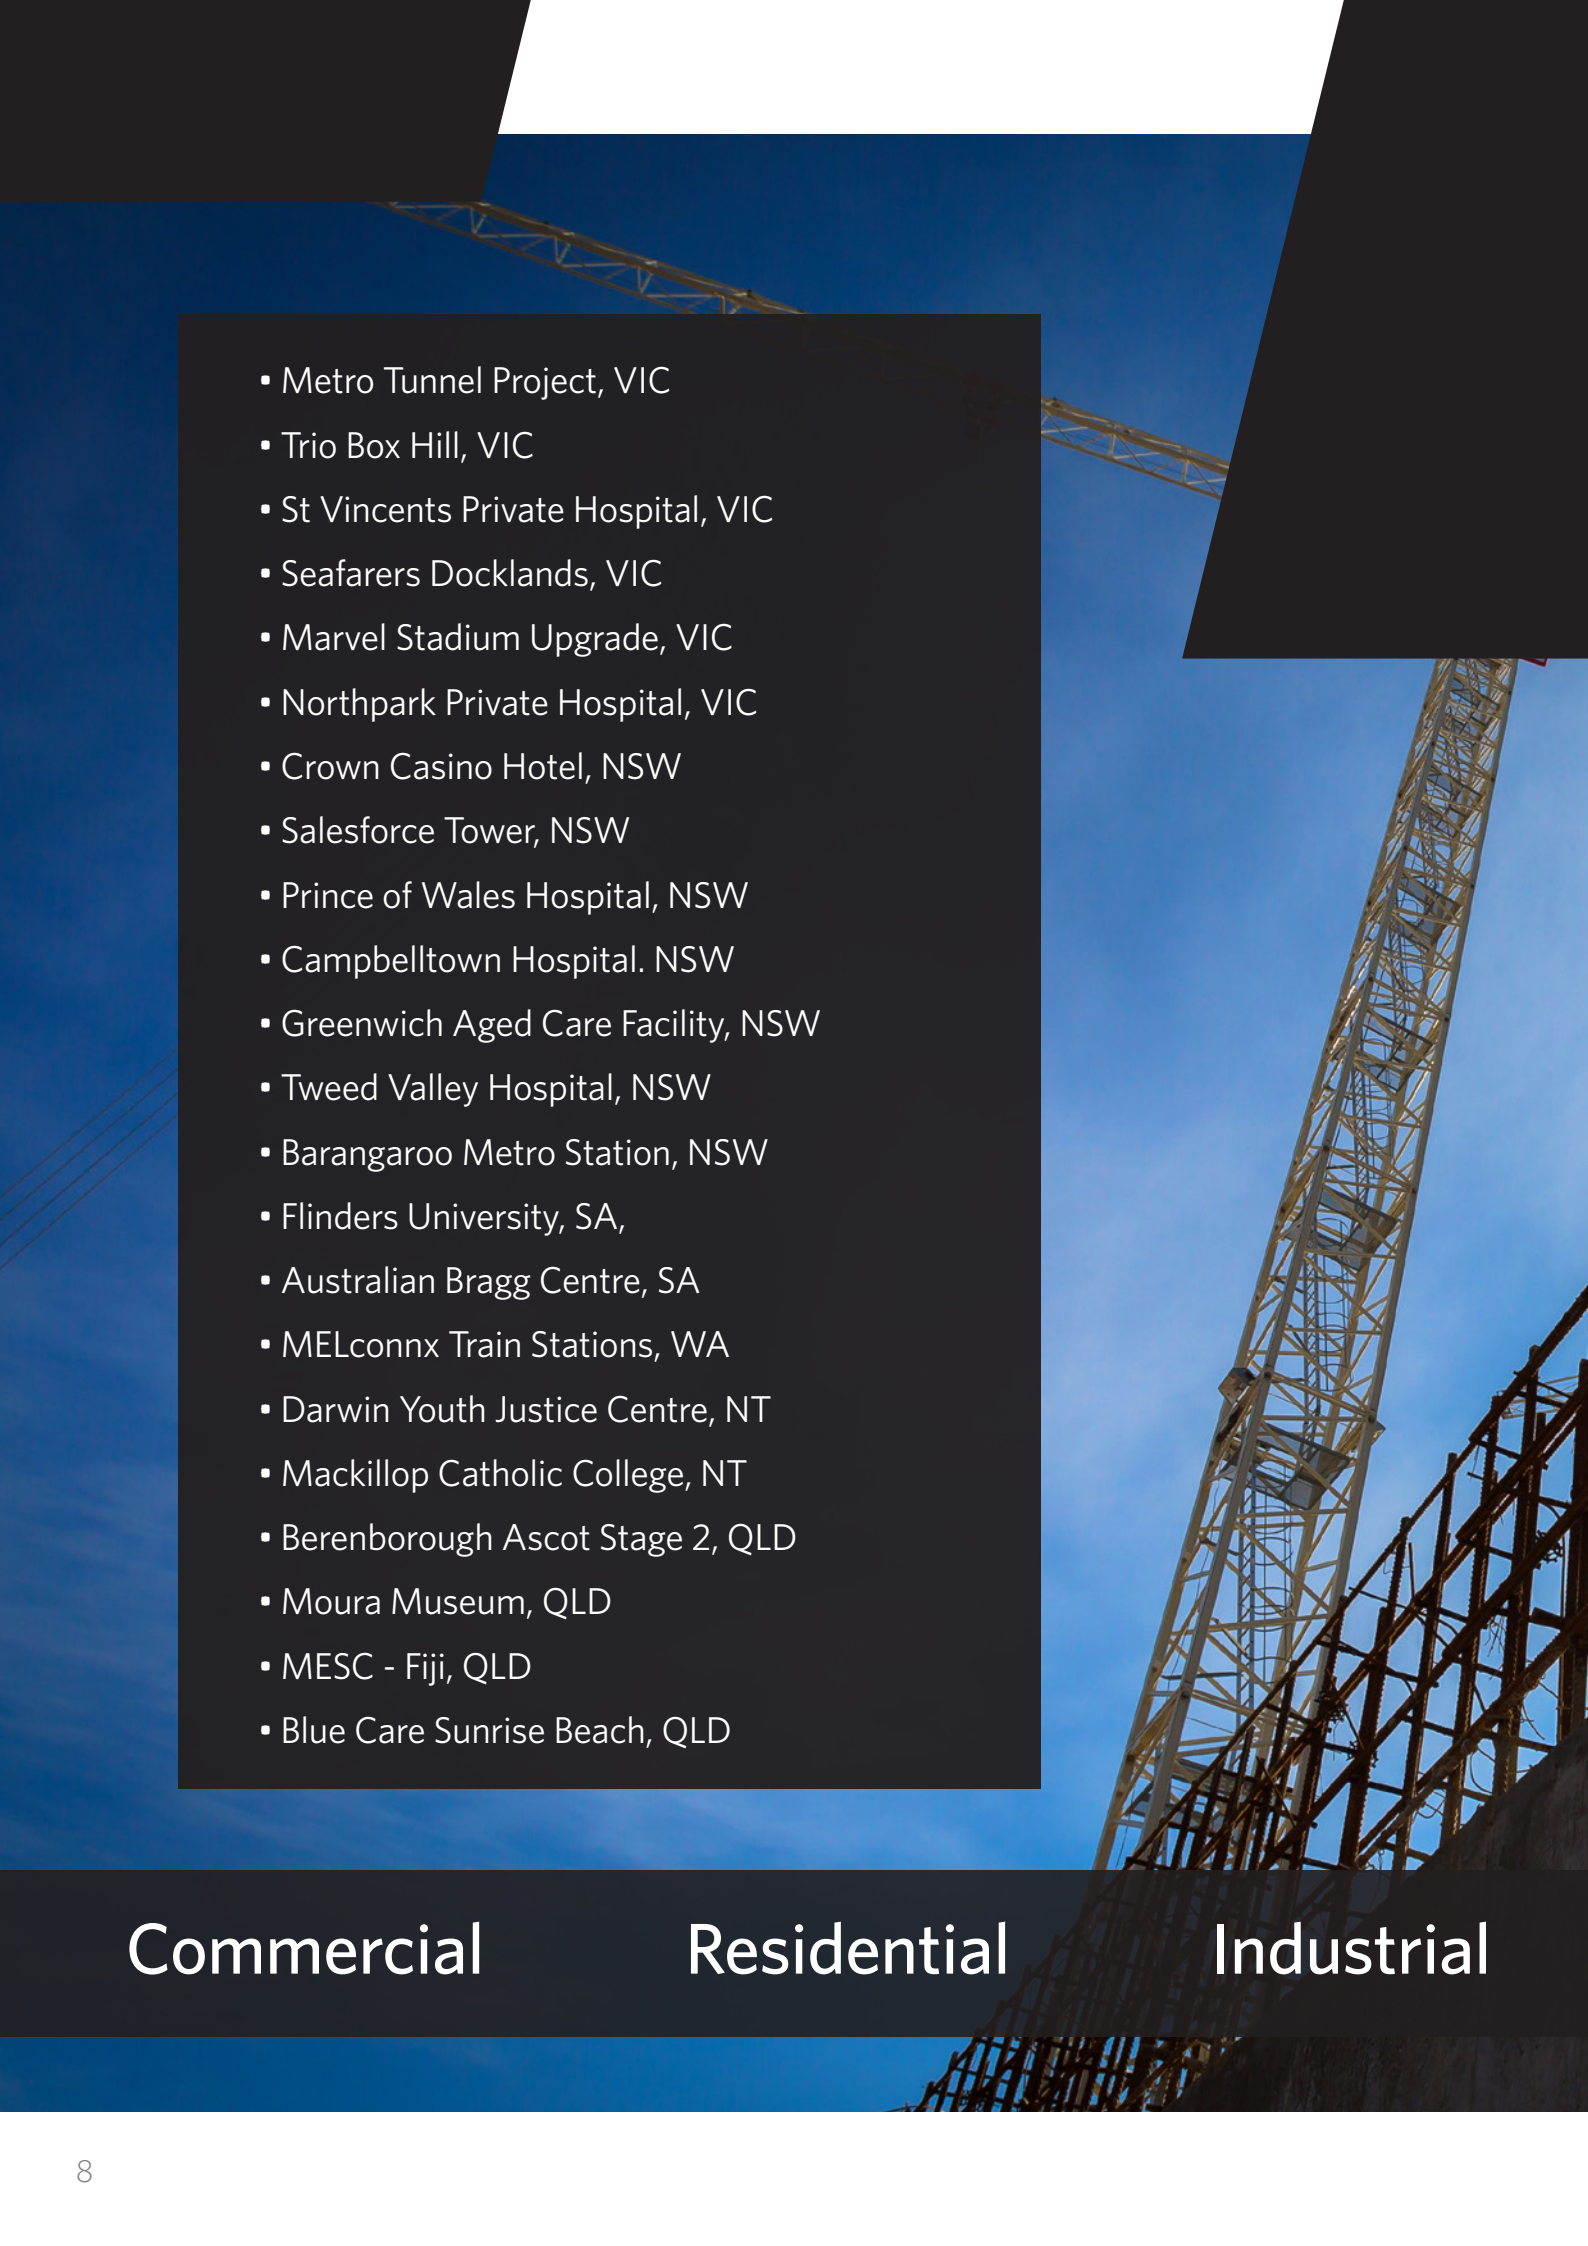

Sabre products started being supplied to the Sydney market in mid 1970s by Specialty Hardware as an in-house brand. Now as part of the Access Hardware group, Sabre has expanded and is available from all Access Hardware branches

nationally. Driven by a product management and development team, the Sabre range is ideal for trade customers looking for quality fit-for-purpose and price competitive products.

Fenton Doors was acquired by the Group as a manufacturer of doors and frames. Manufacturing is based in Youngtown, with sales staff based at our Hobart sales office to offer a wide range of doors and

frames to the Tasmanian market. The increased use of CNC machinery in the production process ensures a precise, quality product for your project.

OUR PROJECTS

We are proud to have partnered with some of Australia's best construction contractors to help build many of Australia's most prominent and distinctive construction projects.

Government

Health

Aged Care

ARCHITECTURAL HARDWARE

If it is fitted to a door, chances are we can supply it.

Architectural hardware makes doors usable. Levers, locks, door controls, hinges, seals, kick plates, vision panels, vents and general accessories make sure doors operate as required in the Building code.

And we can supply it all.

Commercial & Residential

- Locksets
- Mortice Locks
- Door furniture
- Door closers
- General hardware
- Window hardware
- Hinges
- Cylinders
- Door seals
- Air grilles
- Vision panels
- Exit devices

Automatic doors are an effective way to meet accessibility requirements for any building.

We supply the best solutions for swinging or sliding automatic doors from the world's leading manufacturers.

Once installed, we can help you maintain and service your automatic doors to ensure it continues to comply to Australian Standards for years to come.

- Specification
- Installation
- Servicing & maintenance
- Repairs
- Upgrades

AUTOMATIC DOORS

COMMERCIAL WASHROOM

Commercial washrooms are critical in any building and they must comply to building codes and accessibility standards.

We have staff who specialise in this area and can guide you through the product selection process from a grab rail to a full accessibility washroom.

We stock leading brands in washroom equipment to ensure you have a choice for your application.

- Grab rails
- Change tables
- Braille signage
- Air dryers
- Soap & towel dispensers
- Waste bins
- Mirrors
- Shower Seats
- Bathroom accessories

LOCKSMITH SERVICES

Our qualified locksmiths offer clients a high level of service and support and can assist you in meeting your security needs and maintaining the ongoing integrity of your security systems.

If you are locked out, or have been broken into, our afterhours emergency service is available from all branch locations.

- Installation
- Key cutting
- Key management
- Servicing
- Repairs & maintenance
- Restricted key systems
- Security audits
- Safes

SECURITY SOLUTIONS

Security in the modern world demands the best solutions available.

We specialise in providing security solutions for any application and budget. We can audit, advise, supply and install a solution.

- Access control
- CCTV
- Keyless entry
- Security upgrades
- Electronic solutions
- Digital locks
- Key management cabinets/systems

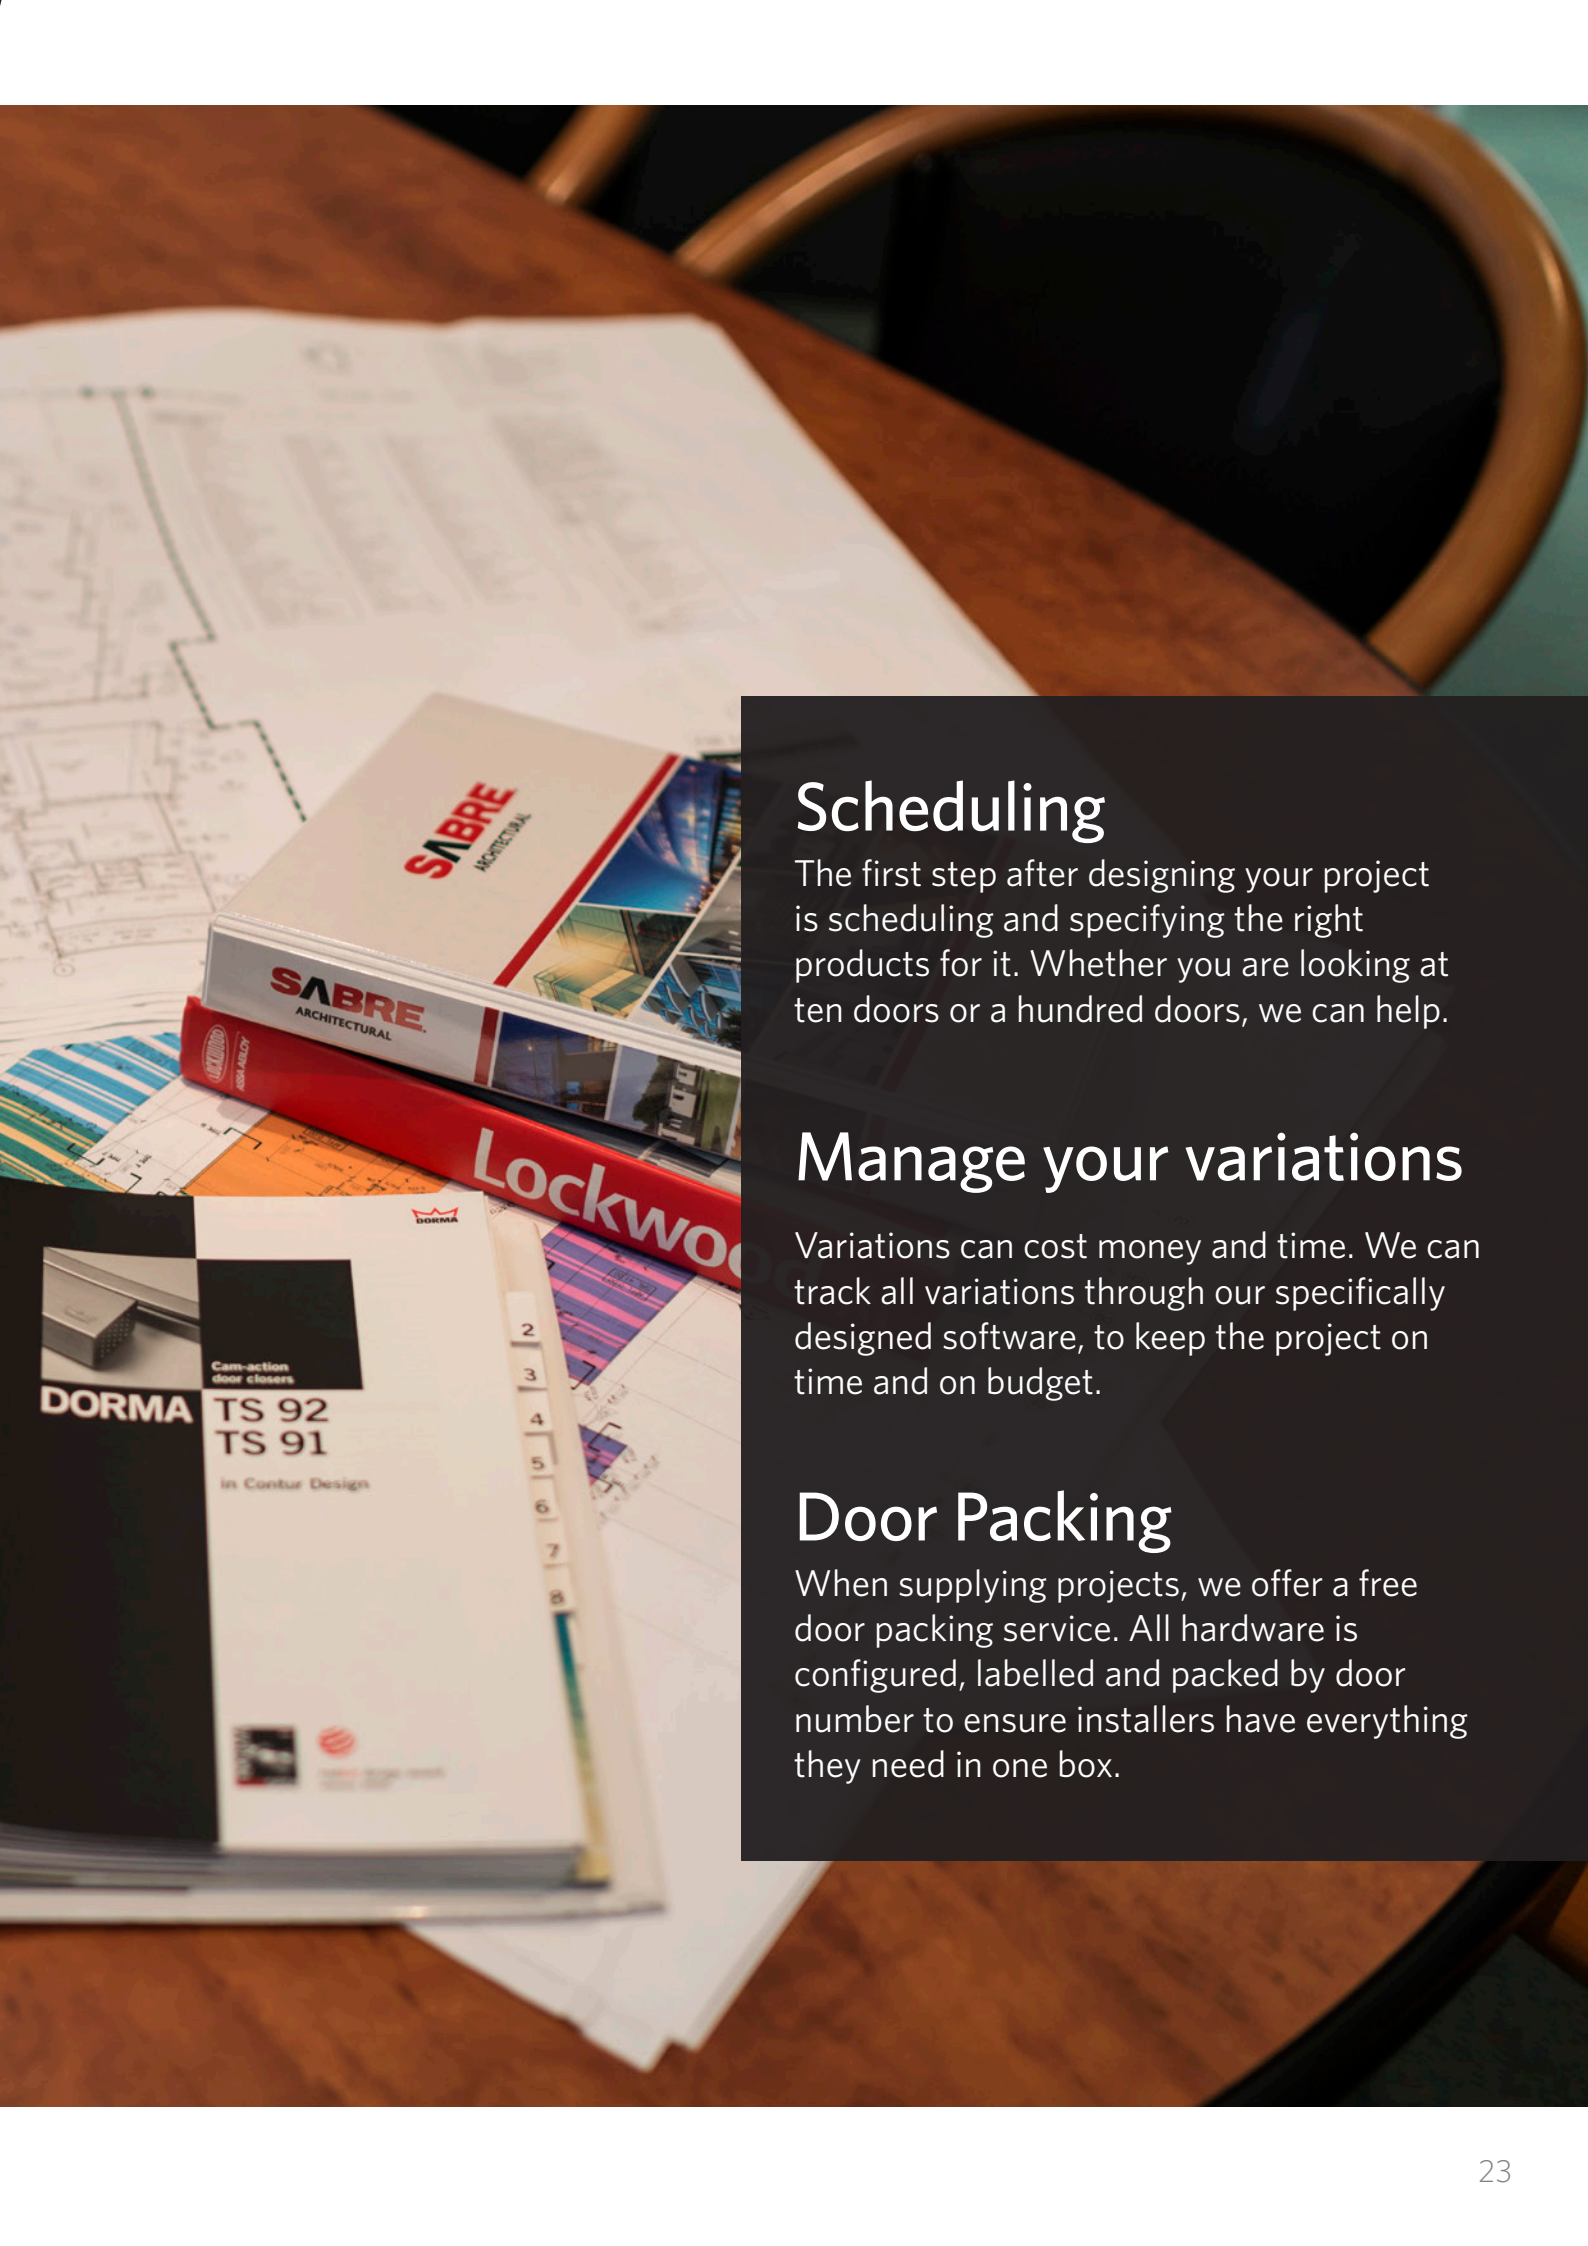

HIGH SECURITY/ CUSTODIAL LOCKING

Access Hardware has significant experience and ongoing projects where we are involved in the supply and install of product and solutions for critical security applications. These applications cover custodial or high security locking systems for infrastructure protection.

PROJECT SUPPORT SERVICES

Scheduling

The first step after designing your project is scheduling and specifying the right products for it. Whether you are looking at ten doors or a hundred doors, we can help.

Manage your variations

Variations can cost money and time. We can track all variations through our specifically designed software, to keep the project on time and on budget.

Door Packing

When supplying projects, we offer a free door packing service. All hardware is configured, labelled and packed by door number to ensure installers have everything they need in one box.

BUSINESS
REWARDS
