### Material Specifications

- #304 Satin Stainless Steel Frame, 25mm<sup>2</sup> Tube
- 13mmT White Compact Laminate Single Piece Seat with Black Edging & Drainage Slots

### Dimensions

- 960mmW x 205mmH x 400mmD

### Mounting

- Surface Mount Visible Fix
- Projection when folder up 140mm

### Installation Instructions

- *May be subject to Australian Building Code Regulations for height and location fixing and may be subject to placement as per architectural drawings. In all cases, this is the responsibility of the installer.*

- *Fixings and anchors are not included with the units and are the responsibility of the installer to appropriately fix the unit to the wall. The supporting wall must be adequately reinforced to carry the weight load.*

1. Secure the shower seat to the wall using the mounting holes on the unit.
2. Fasten unit flanges and guide bracket to concealed anchor or blocking plate with the appropriate hardware.
3. Ensure unit is level and secure to finish installation.

### Operation

- Hinged seat folds up against the wall and out of the way when not in use.
- Requires one hand operation to manually lower or raise seat.

### Features

- Low profile upright storage position
- Compact Laminate materials defend against stains and wear and tear, they are also moisture resistant. Both materials extreme durability is suited for use in schools, universities, shopping centres, hotels, wet areas and healthcare facilities.

### Safety Warning

- Ensure that there is proper structure support within the wall. Shower seats are no stronger than the anchors and walls to which they are

25mm<sup>2</sup> Stainless Steel Tubing Frame

attached. Shower seats must be firmly secured in order to support the loads for which they are intended.

This product is AS1428.1 compliant (accessible compliant) when installed in accordance with the guidelines.
