LOCK CYLINDERS

FUNCTIONS

Made from quality materials and combined with the use of Japanese CNC machining processes, Sabre's precision locksmith quality cylinders are the ideal choice when selecting cylinders to protect your property.

Cylinders are conveniently available in 9 keyed alike groups or randomly keyed if required.

Top loaded housings are also available for locksmith professionals to use with common restricted inline systems.

OVAL CYLINDERS
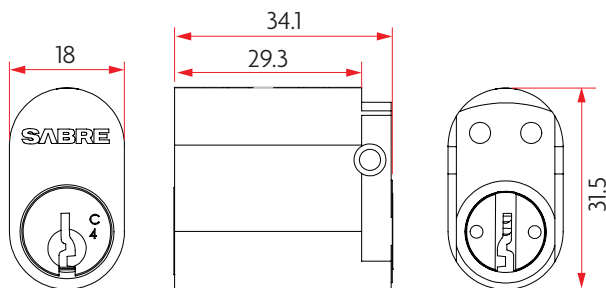

OVAL CYLINDER C4 6 PIN

SAB-CYL570-SC
SAB-CYL570-BLK

- 6 Pin, C4 brass cylinder
