

1500 Series

Plate Furniture

Our dormakaba range

dormakaba mortice lock kits for both timber and aluminium doors provide a hassle-free way of ordering a lock and lever set.

1500 Series

Square plate furniture

The dormakaba 1500 series flat form square door furniture is designed for use with dormakaba mortice locks and similar contemporary Australian mortice locks and latches.

The 1500 Series has been manufactured for commercial applications where high traffic and wear is expected.

The levers or knobs are mounted on a high quality 316 grade stainless steel sheet metal plate which is 160mm x 160mm and 2mm thick.

Dimensions

160mm (H), 160mm (W), 2mm (T).

Fixing

Plates are designed to fit back to back with the outside plate having concealed fixing. Secured by 4 x M5 cross recessed countersunk screws.

Optional security screws are available for high risk areas.

Construction

The 1500 series plate is constructed from high quality 316 grade stainless steel metal, a corrosion resistant stainless steel cam, an integrated precision ground 8mm stainless steel bush that provides enhanced handle support and strength, a spring steel wire torsion spring to eliminate handle sag and a heavy duty stainless steel stop cam.

Levers and knobs are also constructed of a high quality 316 grade stainless steel.

Handing

Plates are handed. (see pictorial for handing guide)

Door Thickness

The 1500 series is designed to suit 35mm-50mm thick doors as standard.

For thicker doors, extended screw packs are required.

Fire Rating

The 1500 series plate furniture is fire rated and complies with AS1905.1-2005 Part 1

Disabled Compliance

A selection of the 1500 series plate furniture complies with AS1428.1 2009.

Functions:

See functions chart for all available functions.

Finish

Satin Stainless Steel (SSS)

Spare Parts:

- SP1500-001 1500 series screw pack to suit doors 32mm-50mm
- SP1500-002 1500 series thick door kit to suit 50mm-80mm
- SP1500-003 1500 torx screw (M5)
