

7000 Series

The Schlage 7000 Series door furniture is a competitively priced premium quality range, available in a wide variety of lever profiles. These contemporary levers are designed with distinctive European influence. Blending form with function, this furniture will allow you to express your individuality with lasting integrity. Beautifully designed down to the last detail, this series is manufactured from high quality 304 grade stainless steel for high performance and increased durability.

This range is finished in a warm satin stainless steel tone to complement other finishes and appliances throughout your project.

Features

- Constructed of quality components with solid stainless steel levers and outer roses
- Available in privacy push-button for quick installation and ease of use
- The 7000 Series is suitable for use on approved fire core door assemblies when used with fire rated mortice locks or latches
- Concealed through fixing bolts ensure secure assembly of lever furniture onto doors for lasting performance and aesthetic appeal

Testing and Compliance

Fire Rating:

Successfully tested on fire door assemblies in accordance with AS1905 Part1: Fire resistance doorsets. Check with fire door manufacturer prior to installation.

Accessibility:

Compliant to the AS 1428:1-2009 Design for Access and Mobility

Caution:

When door closers are installed and adjusted to meet reduced opening force requirements, there may be insufficient power to reliably close and latch the door, depending on prevailing operating conditions.

Note:

In areas of high wind pressure and/or air conditioning pressures, the LCN Automatic Door Operators are recommended.
