DESCRIPTION

Master Lock 6400ENT - 62mm Bluetooth Padlock - 34mm Boron Alloy Shackle

The Master Lock No. 6400ENT Bluetooth® Padlock features a 62mm wide metal body for durability and security. The 9mm diameter shackle offers 34mm vertical clearance and is made of boron alloy, offering maximum resistance to cutting and sawing. Weather cover provides enhanced resistance to perform in snow, rain and temperature extremes. The Master Lock Vault Enterprise system is designed to support Many Locks and Many Users with unmatched security, simplicity and accountability. Administrators control individual or system-wide lock access with our convenient web interface, while users enjoy simple, secure access to assigned locks or lock boxes.

Use your smartphone to open and manage your lock with the Master Lock® Vault System compatible with both Master Lock Vault Home and Master Lock Vault Enterprise
The free Master Lock Vault Home iOS and Android apps are designed for personal use, supporting up to 10 locks, and allows you to monitor access history
The free Master Lock Vault Enterprise iOS and Android app and web interface are designed for business applications working with many locks and many users allowing you to easily monitor access with robust data and audit trails
No keys to lose, no combinations to forget. No unauthorized key duplication.
Share access with others - temporary or permanent
Backup access using directional code on lock keypad
Low battery notification & reminder on padlock and in app
2-piece weather cover for maximum outdoor protection
Comes with easy to replace CR2 battery
Battery jump allows for temporary access if battery dies while locked
