

ASI JD MacDonald GRE300 Back Rest Grab Rail - Satin Stainless Steel - 300mm

SKU MDGRE300

MPN GRE300

DESCRIPTION

ASI JD MacDonald GRE300 Back Rest Grab Rail Stainless Steel

To be used in conjunction with ASI JD MacDonald's Drop Down Back Rests for New Project Applications

This fully welded construction is a satin stainless steel finish to promote durability, reliability

Attaches to the arm of the Dropped Arm Back Rest known as PBR35A and PBR35ASS respectively

Designed for the safety, security and convenience of the physically disabled.

Strong Ø75 fixing flanges

Easy to install on most building surfaces.

Grab rail provides flush mounting flanges which are fully welded to the tube ends. This results in a single structural unit that is designed to give maximum strength, security and user confidence to support greater loads.

Attractive stainless steel cover plate to conceal the flange and fixings.
