

# Lockwood 312 - Safety Lockout Jaws

SKU LW312JAWS

MPN312JAWS

## DESCRIPTION

### Lockwood 312 Lockout Jaws

The safety lockout jaws ensure that machinery stays 'locked out' until each person removes his/her padlock from the hasp. This prevents any accidental re-energising of machinery before crews have completed their work. The 312 Jaw holds up to six 312 padlocks and is made from hardened steel with a vinyl coating.

**Note:** Padlocks and Accessories are ordered separately.
